

Season's Greetings from the Longdown Lodge Estate Residents Association December 2015

Dear Resident

As 2015 draws to an end we are pleased to say that we have planted a Tree in Mel Calvert our founder's memory. We would like to thank Coralie Ramsey and Councillor Michael Brossard for their efforts. Councillor Brossard has also purchased the sign to name the footpath between Orchard Gate and Wellington Road.

"Calvert Walk" and we hope to have it erected soon.

The association would like to take a moment to remember all residents who have passed away over the last year, our thoughts as always are with the families and friends they have left behind.

If you have moved into the estate since last year, "Hello and Welcome" we hope you will be very happy in your new home and we would love to meet you at one of our social events.

Drinks and Nibbles

We held another successful and free Drinks and Nibbles event in Little Moor in September with a great turnout despite the threat of rain. Thanks to all who came and to the committee and residents of Little Moor who made it all possible.

Quiz

After the success of last years Quiz attended by over 40 residents we plan on holding another on the 26th of February at Eagle House school. Please save

the date and Look out for flyers nearer the time

AGM

This year we extended our booking at Uplands School so that residents could catch up with each other after the AGM over a glass of wine, we feel this was a success which we hope to repeat for 2016.

Remembrance Sunday 2015

The association attended the events at Sandhurst Memorial Park on Remembrance Sunday and Tracey Jones laid a wreath on behalf of the association to commemorate the lives of those who have fallen in conflicts around the world.

Social Events for 2016

In the new year we will be meeting to plan events for 2016. If you have any good ideas please call us or send an email to committee@llera.org.uk.

Estate Maintenance

Street Lights

In May the estate had new LED street lights installed. Changing the lights is expected to make BFBC savings through lower electricity bills and maintenance costs because the LED lights use less energy and last longer.

New Trees

The tree Department has agreed to plant 2 replacement trees at the entrance to Little Moor and the works should take place in February 2016

Bulb Planting

The association planted bulbs throughout the estate earlier this year and would like to thank Coralie Ramsey and Ellen and Rick Hansford for their assistance. We hope it will make a good display in the spring

My Council Services

If you see any damage on the estate you can report it directly to the council via "My Council Services". It's online on your PC or via an app for you to report incidents or make requests to your local council. You can include photos; video or any other contextual information as part of your submission and it will include the exact location of the reported issue. You can get the app from the appstore or online at <http://www.mycouncilservices.com>. If you want to report an issue and don't have the internet please feel free to reach out to any of the committee members who will report the issue on your behalf.

Additional 20MPH signage

The association has requested that there are additional painted signs on Greenways as the current signage can be missed by drivers when entering the estate from the Crowthorne direction.

Travis Perkins

A Travis Perkins lorry damaged grass near 2 Beech ride in October. Travis Perkins rectified the damage within 2 hours without prompting. We have passed on our thanks.
